

**7 cu. ft. refrigerator with bottom freezer**

Fun fits anywhere! This compact retro-styled refrigerator brings energy efficient cooling to any space. Only 57" high, the iio FF1 is bigger and more spacious than a bar fridge, but smaller and more flexible than a full-size appliance. It fits any lifestyle: RV, trailer, basement, lunchroom, garage or studio. A bright and anti-bacterial top refrigerator cabinet keeps fresh food crisp and handy, while the bottom 1.7 cu. ft. freezer chills fast.
